Somehow when I stopped doing the newsletter and agreed to become President-Elect, I never quite believed it would come to this—phoning people all over the West and asking them to serve on committees, pondering The Big Questions of the future of our organization, sitting here writing the President’s Message. Past President Peggy Renner made the job look easy, but I’m beginning to comprehend both the challenges and the fun of this role. The challenges consist of keeping WAWH useful to its current members, reaching out beyond current members to those who might also benefit from joining, nurturing the next generation of women historians, and playing a creative and responsible role in the wider society. The fun comes from getting to know more members of WAWH and working with you to accomplish these goals.

WAWH has long offered four main services to its members: 1) our quarterly newsletter, the Networker; 2) our annual conferences; 3) our directory; and 4) our prizes for scholarly excellence. I am grateful to those who have taken responsibility for doing these jobs. Jackie Braitman, who put together the program for the wonderful conference at Asilomar last June, has agreed to edit the Networker for the next two years. You can make her job easier by sending her not just member news but also timely information on job openings, conferences, and so forth; if you have a long piece for the newsletter, check with her about sending your news on disk.

Our 1996 conference, which is scheduled for May 17-19 at the Huntington Library in San Marino, is also in good hands. Tamara Hunt will chair the program committee, whose other members are Paivi Hoikkala and Alexa Nickliss; Regina Lark will be handling local arrangements. What really ensures a great conference is great panels, however, and that’s where you come in. If you want to present your work, remember that the deadline for proposals is December 1 and that complete panels have better chance of getting on the program than do single papers (imagine trying to match up and invent panels out of whatever arrives in the mail). SPITHRA (information included in this newsletter) is designed for matching papers for panels, so feel free to use it. In addition, please send the program committee your ideas on potential guest speakers, topics you would like to see addressed in workshops or plenaries, and how to make our conference reflect the diversity of scholars and scholarship within our region.

Our secretary, Carol Gold, has been doing a fine job of keeping our membership lists up-to-date. In the past eighteen months, however, many of us have come online, and we would like our next directory, which will be available sometime next spring, to include as many of our e-mail addresses as possible. When you send your membership renewal, be sure to include that information, as well as your latest research interests. Carol will be doing research in Denmark for several months starting in December, so renewals should either go directly to her before then or to our new treasurer, Emily Rader, while Carol is away.

The prizes WAWH offers recognize scholarly excellence, both among established scholars (see the article on this year’s winners) and among graduate students who are eligible for our $1,000 dissertation fellowship. Today’s graduate students represent the future of our profession. We increased the amount of this fellowship only a couple of years ago, and our graduate student fellowship fund is not yet generating enough interest to cover the cost. I know money is tight these days, but think of the fellowship as an investment in our common future. The note from Angel Kwolek-Folland, who chose to donate her prize money to the graduate student fellowship fund makes an important point. We have all benefited at one time or another, from the generosity of others. Now it is our turn to be generous. Every contribution, no matter what the size, really helps. (Continued on Page 2)

**PRESIDENT’S MESSAGE**
(Continued from Page 1)

WAWH’s membership is growing as current members relocate to other parts of the country and spread the word. Nevertheless, we need to do a better job of reaching out to several constituencies: whole departments in colleges and universities beyond California; senior faculty who have relocated to our region and don’t yet know about us; and faculty and students in ethnic studies and other programs outside of history departments. The board is trying various strategies to improve our performance, but our members are often better situated to recruit new members. For instance, you can share the newsletter with friends and colleagues, xerox and post our calls for papers and prize announcements around your campus, or distribute our brochures to potential new members at regional conferences that you attend. Let me know what you need.

We are also about to reach out in another way, through the newly reactivated Social Action Committee, chaired jointly by Regina Lark and Jackie Barnhart (see Regina’s article). As women and as historians, we have much to contribute to the current debates on social policy at the state and federal level, especially since the outcome of those debates will directly affect us and our ability to do our work. In addition, we want to continue the standing committee on K-12 education, begun under Karen Offen’s presidency. Ideally, the members of this committee should live and work fairly near Sacramento, in order to maximize their effectiveness with the California legislature. So far, no one has stepped forward to do this job, but its importance can hardly be overstated. It is crucial that our findings on the history of women and others finally make their way into the K-12 curriculum, that this generation of students and those who follow acquire a more balanced and complete understanding of U.S. and world history. Please contact Karen Offen or myself for more details on this committee and its work.

Let me close by thanking the previous WAWH board and introducing the new one. Thanks to those who served from 1993 to 1995, our organization has a strong membership base, is in good financial shape, and is ready to grow in new directions. The members of the new board—President-Elect Sarah Stage, Secretary Carol Gold, Treasurer Emily Rader, Networker Editor Jackie Braitan, Graduate Student Representatives Erika Bumek and Katie Pearce-Sasson, and I—will have to work hard to match their accomplishments. I know we can do it with your help.

Susan Wladaver-Morgan, WAWH President

"I was unable to attend the banquet at Asilomar for personal reasons and so was not able publicly to express my appreciation for the Association's 1995 Sierra Award for Engendering Business. I was very pleasantly surprised the next morning (floored would be more like it) when Grace Larsen, the Prize Committee Chair, informed me my book had been selected. I just wanted to let all of you know that I am extremely honored to receive this award, and very much appreciate the recognition it represents. I intend to donate the prize money to the WAWH Graduate Student Fellowship Fund, in recognition of the importance to my own career of funding at the graduate level. Again, my thanks."

Jeanne Farr McDonnell, Executive Director, Women's Heritage Museum, announces on behalf of many WAWH members who are also member of WHM, that WHM is one of 20 organizations that have been selected among 70 finalists for space at the Main Post of the Presidio of San Francisco. The Presidio is a beautiful site now being transformed from a military base to a National Park. This will be a highly visible conduit for reaching the general public and an unparalleled opportunity for giving global women's history the presence it deserves in a place that the NPS estimates will attract 7 million visitors a year. The organization will be drawing on the expertise of the community of women historians, and we invite as many as possible to become members of WHM. NEW COMMITTEE
by Regina Lark, Chair, Social Action Committee

At the last WAWH Conference in Asilomar, I was asked to resurrect a standing committee on social action. Co-chair, Jackie Barnhart and I, have yet to determine the details of our mission but discussion in Asilomar raised several issues:

First, graduate students voiced frustration over having little available time for involvement in any type of political or social activism. When graduate school becomes a priority, involvement in off-campus groups ceases. My own anxiety over welfare rights, Affirmative Action, abortion rights, etc., persists. So the question, how to remain "involved" in social and political issues, while working on a dissertation, is one perhaps WAWH can facilitate.

Another concern was the relationship between academics and political institutions, and, in this case, women academics and political concerns that relate directly to women. As historians, many of us know that the barrage of attacks against women is not new and yet the assaults continue. Two recent examples are the House of Republicans prohibition against servicewomen and military wives from getting abortions with their own money in military hospitals abroad and at home; the cut of $160 million authorized by the Violence Against Women Act for battered women's shelters, rape prevention, judicial education, a national domestic violence hotline, and community domestic violence programs.

The WAWH Social Action Committee wants to address these and other issues that pertain to women and minorities. We would like to hear from readers of The Networker with suggestions on how you would like to proceed. How can women historians approach the complex anti-feminist/anti-women political issues of the day? Does social injustice against women and minorities occur in your community? Do you read the paper and shake your head and ask yourself, "What next?" Submit your ideas to the Committee and we will include them in the Winter edition of The Networker: Regina Lark, 20841 Stephanie Drive, Canoga Park, CA 91306; email: lark@scf.usc.edu
GRADUATE STUDENT NEWS

Before we introduce ourselves as the new Graduate Student Representatives, we wanted to thank Emily Rader for providing the graduate student members of the WAWH with such valuable and helpful representation. Thanks Emily!

Since this is our first column in the WAWH newsletter, we wanted to introduce ourselves. Katie Pearce-Sassen is currently working toward completion of her Ph.D. at the University of Utah. Her main fields of interest are in the twentieth century U.S. West with an emphasis on women’s labor and ethnic history. Erika Bsumek is a Ph.D. candidate at Rutgers University. She lives in Utah and, as Emily has mentioned, is doing research on her dissertation which concerns the impact of the railroad on New Mexicans.

Our present goals include expanding graduate student enrollment throughout the West. As a result, over the next few months we will be mailing membership applications and copies of the Networker to active WAWH members. We hope current members will distribute information about WAWH to potential members. Watch your mailboxes and if you need materials to share with graduate students, please contact us!

Erika attended the WAWH conference at Asilomar this spring. The graduate student participants delivered outstanding papers. Great job! We would also like to encourage more graduate student members to participate in WAWH conferences and activities. Attending these conferences is a great opportunity to present your own work. It also provides a great opportunity to meet established scholars and keep abreast of current scholarship. We will keep you up-to-date on WAWH events.

In keeping with Emily’s tradition of listing deadline reminders for important financial aid awards and paper submissions for conferences we will provide such information in subsequent newsletters.

One last message: We know the fall can be an especially busy time for graduate students, still we look forward to hearing from you. We encourage graduate students to contact us with suggestions. What would you like us to do as your representatives? What Networker information is most valuable to you? Please feel free to contact either of us with your recommendations. EB and KP-S

SPITHRA, The informational network

SPITHRA is for scholars who wish to locate matching paper proposals so that completed panels can be proposed to conference program committees. With or without a computer, you can enjoy the benefits of a computer-recorded network simply by filling out the following form and sending it to Emily Rader, USC History Department, University Park, CA 90089-0034. To access SPITHRA, if you have a computer connected to a university computing system, log onto Gopher. You will then see: “Other Gopher Systems; there you will eventually find “University of So. California (USC). If you are not connected to a university system, log on to cwis.usc.edu; this will bring you to the Gopher menu. At USC Gopher, make the following menu choices: (1) #3 “University Information”; (2) #1, “Academic Departments”; (3) #15 “Social Sciences and Communications”; (4) #3, “History, and finally (5) #1, “SPITHRA”
